STATEMENT: Nice to year old filly. Was training real good this spring.. She kicked the wall and she was x-rayed and it was found that she had chips in left hind fetlock. Chips were removed on Feb 8, 07 at Cokesbury Equine Clinic by Dr Beth M. Rosss. Statement says she has a good prognosis to return to the races. Filly was x-rayed in June an everything looks good. Selling because Morrisville College has no place or time to race Canadian bred horses.
